My dear Marshall

x return this morning

I have your
letter and its en-
closure from Home
to you, and as you
tell me you are
satisfied of Ham-
mond's will to
go through with his
projected work
on the general
or in the case of
Dudman, I have
resolved to act
on your suggestion
that you or them

should take out
with him to India
the whole of my ma-
-terial to be turned
ed to use in Home
work. This, you
say, will save
time when time
is precious being
that the work is
rapidly progress-
ing, and that there
will be no diffi-
-culty arising out
of your temporary
absence in regard
to the reading of
the Hindi portion

of the memorandum. Wherefore
I mean the day after tomorrow
to send to you in a big deal
box the four post paid
drawings together with my
own MS list of the birds
as far as the Nepal collection
goes, ⁽²⁾ my native painter's
sketch list of the whole, in-
cluding the Sikkim collection.
(3) Red bound Vol of Neumann's
birds done ^{in Nepal} by my writer from

(8) Sundry printed papers

even over statements of my historians.

(4) Eight Vols, unbound, of Dittos
Ditto, done at Dairijiling.

self done in Java in 1846.

(6). Two copies of my printed
Catalogue from 3rd Miscellany
1844.

(7) Six copies of reprint of 6 at
Calcutta in 1846.

See note and let you know of
safe arrival of the box & let
me always see 3 Vols of the
