

7 Nov. 1837. A Minute of this date
refers to Mr. Hodgson's proposed
publication on the Zoology of
Nepal, and gives a statement
from one of Mr. Hodgson's
letters to the effect that he had
despatched to the care of the
Royal Asiatic Society, 20 sheets
of Mammals & Birds, and will
continue to send others till the
series be complete, which he
recommends to the keeping of the
Society: Stating also, that he
had despatched 5 boxes in Jan^y
last by Capt. Robinson, with
directions to deposit them with
the Royal Asiatic Society, in
case his prin stones should have
been removed from the keeping
of the Zoological Society: - The
Minute concludes thus: - "None
of the above articles having been
received, the Committee decided
that the matter should lie over
the present."
